

MOKENA TO BE ON BASEBALL MAP
WITH LITTLE, PONY LEAGUE TEAMSFINISH SURVEY
OF SCHOOL
DISTRICT 159

The Citizens Survey Committee of School District 159 met at the Mokena public school Tuesday evening, Feb. 15. Following is the report made at this meeting:

The survey of school district 159 has been completed. It has been found that there are about 567 families in this district, or approximately 1950 people. Of this group about 250 children are in the public school and about 100 in the parochial school.

The present pre-school children anticipated enrollment in the grade school is as follows: 1955, 36; 1956, 33; 1957, 31; 1958, 39; 1959, 33; 1960, 31; and already for 1961, 8 pupils are anticipated.

With reference to the subject of popular interest in a kindergarten, 177 families are interested and 13 families gave a negative indication. However, only three of those not interested had pre-school children. People who had no pre-school children did not, generally speaking, give any indication of interest in a kindergarten.

There are families planning to move into the district with 11 pre-school children and four school-age children.

In the last six years the number of families moving into the district has increased from 20 to 67 families per year. The yearly breakdown is as follows: six years ago, 20 families five years ago, 31 families; four years ago, 45 families; three years ago, 45 families; two years ago, 51 families; and last year 67 families moved into the district. From this it is evident that there was a large increase in the number of families moving in last year.

Mokena PT To Hold
Sixth Square Dance
Of Season Saturday

The sixth square dance for this season, sponsored by the Mokena PTA, will be held next Saturday, Feb. 26 in the school gym. The dance will start at 7:30 and end at 10:30 p.m.

Chaperons for the evening will be: Mr. and Mrs. Donald Bost, Mr. and Mrs. Joe Kruzich, Mr. and Mrs. F. Lehmann and Mr. and Mrs. A. Shoop.

There has been a total attendance of approximately 450 adults and children this season to date, averaging 10 adults and 80 children per evening.

BAKE SALE

The Ruth Society of the Immanuel Lutheran church will hold a bake sale in Dunham's hardware store in Mokena this Saturday afternoon, Feb. 26, starting at 1 o'clock.

Gov. Stratton Proclaims This Week, Feb. 19
To 26, As National Future Farmers' Week

Governor Stratton expresses his belief in the philosophy and ideals of the Future Farmers of America at a recent meeting with Larry Royer of Assumption, State FFA president. State FFA vice president, Jon Ball of Reynolds; and State FFA secretary-treasurer, Charles Wendt of Mahomet; with Royer recently visited Governor Stratton while on their annual good-will tour to leaders in business, agriculture, and politics throughout Illinois.

Gov. Stratton has proclaimed this week, Feb. 19 through 26, as National Future Farmers' Week, and requests appropriate observance of the occasion. National Future Farmers' Week seeks to focus attention of the work of the Future Farmers of today, who will be the successful farmers of tomorrow. This nation must have about 130,000 new farmers every year to replace those who die, retire or otherwise leave the farm.

Membership in the FFA is made up of farm boys who are students of vocational agriculture in high school. The Lincoln Way FFA chapter has 36 members. R. Van Rheeden, vocational agriculture instructor in Lincoln-Way high school, serves as advisor of the FFA chapter. Officers are:

Airline Stewardess
Speaks To F.B.L.A.

Miss Berenice Russo of Eastern Airlines gave an interesting talk at a recent Future Business Leaders of America (FBLA) meeting. She told of the many qualifications necessary to become a stewardess. They are: You must be between the ages of 21 and 28, 5'2" to 5'7" tall, 100 to 135 pounds, well proportioned to your height, have 20/40 vision, no glasses, no visible scars or birthmarks, and you must be single or never married. You need to be a high school graduate and have two years of college or the equivalent in business training. It isn't necessary to be a registered nurse. You must appear pleasant to the passengers.

Normally, a stewardess has 85 hours in flying time a month. The salary ranges from \$190 to \$315 a month. She gets expense money at 40c an hour for every hour that she is away from her base station. She gets \$2 an hour for every hour over 80 hours a month in flying time. Anything over 85 hours, she gets \$2.50 an hour.

Among the advantages in this work are you get to travel, meet people, and you learn to cope with all kinds of people. A disadvantage is that you may have to fly on holidays.

With Eastern Airlines you have to buy your own uniform which is navy blue. The summer uniform is lighter in color and weight. Shoes are navy blue in winter. Summer shoes are navy and white sneakers. Some airlines furnish your uniform and others pay half for your uniform. You have to live in the city in which you are based. In other cities you stay in motels or hotels. Accommodations are usually arranged by the airlines. The stewardesses get a special rate.

The training school is six weeks. The special training course is two weeks in Miami, Florida. You receive a salary as soon as you start your training. In this training you learn first aid, instruction in evacuation, and the parts of the airplane. You must be able to answer any questions the passengers may ask.

After the meeting she was asked many questions by boys and girls interested in a possible career with the airlines. She was very happy by the students' reaction to her visit.

MONDAY, LAST DAY TO
FILE FOR VIL. OFFICE

Next Monday Feb. 28, is the last day for filing for village offices for election to be held April 19. The terms of Russell Anderson, Edward Hentsch and Lyman Teague, trustees at Mokena, expire.

Petitions are available at the village clerk's office.

A group of Mokena area residents met on Tuesday, Feb. 15 at St. Mary's hall for the purpose of discussing the problems confronting Mokena regarding the Little League and Pony League teams for the coming season. With the assurance of a regulation baseball diamond in a suitable park Mokena becomes eligible for entry into an organized baseball league.

Henry Clark, Sr., announced that he has made arrangements for entry into the Wilco Baseball League for both teams. Further progress will be announced at a later date.

In view of these developments, the Mokena Baseball association has been formed. The following have been elected to hold office: president, Al Sorenson; vice president, Henry Clark, Sr.; secretary, Mrs. Edwin Yunker; treasurer, Mrs. Everett L. Creer; publicity, John Porick.

Mr. Sorenson has been chosen to carry on as head coach and manager in charge of each team. It will be Mr. Sorenson's job to select able assistants to coach the boys in the various phases of the game. To do this he will need at least five able men to take over the coaching of the catchers, pitchers, infielders, outfielders and batting. Men who can specialize in any of these departments are needed.

It is well known that Mokena is well fortified with talented baseball players who are now engaged semi-professionally or who were active in the not too distant past and so the association is making a plea for volunteer coaches.

The next meeting is scheduled for the evening of March 3 at 8 p.m., at St. Mary's hall, so come on out you men and women of Mokena and let's show our youngsters we're behind them all the way. Mokena has the finest group of youngsters in the entire state of Illinois with due credit going to the grade school, the parochial school, the various churches and scouting organizations and, of course, the parents who are giving proper guidance.

The main requisites for the successful operation of the association will be financial and moral support. A fund-raising committee has been selected and consists of three very capable men, Leo Marcoux, Al Halverson and Wendell Hamilton. The funds will be used in outfitting both teams with complete uniforms with the exception of baseball shoes, and will also be used for the purchasing of some needed equipment.

This is a very important project so let's all of Mokena get behind it and give it proper support - it will pay tremendous dividends.

—John Porick, pub.

LINCOLN-WAY
PT GROUP TO
MEET MARCH 2

The next meeting of the Lincoln-Way Parent Teacher group will be Wednesday, March 2, at 8 p.m. in the school cafeteria.

In accordance with the policy of the program committee for this year, the program will be on another phase of the school's activities. Mrs. Louise Powers, program chairman has made arrangements for Robert Keeley, director of Radio Production at the school to give a program showing the workings that go on behind the scenes in producing a radio performance. Lincoln-Way has had a successful weekly program over WJOL and one of the programs by the freshman social studies will be the program, "Then and Now."

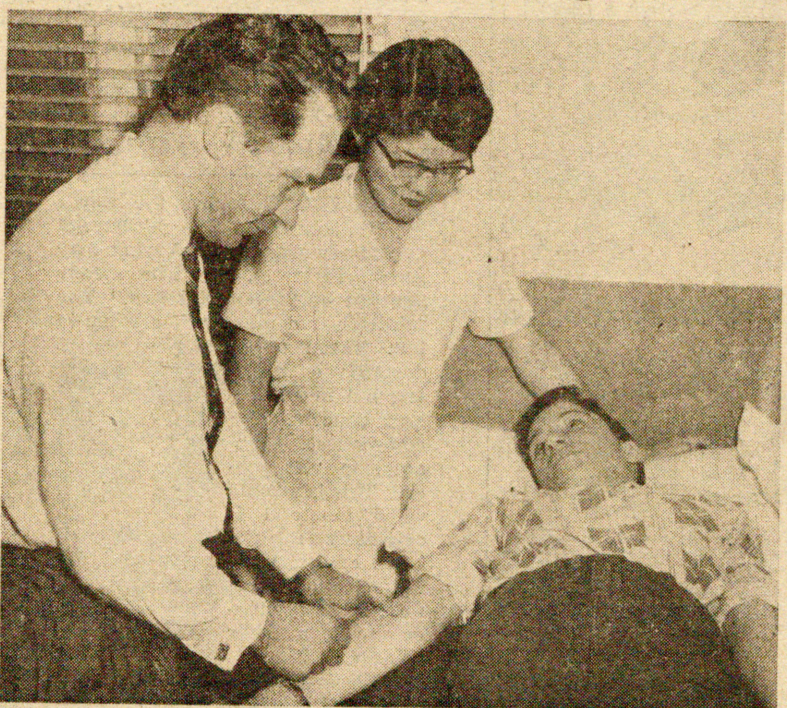

The April meeting plans are not entirely complete but it is intended to present a program dealing with counselling - Guidance at Work. If anyone has a question for the guidance committee, this will be the time to jot it down and bring it to the March meeting where it may be deposited in a box provided for that purpose. The Guidance committee will explain any questions thus submitted at the April meeting.

The host couples for the March meeting are: Ted Rowsell, New Lenox, chairmen; Walter Mann, P. Cullison, James Hammond and John Fisk, New Lenox; M. Boitema, Henry Clark, and J. Klinger, Mokena; Lawrence Meyer and Jerome DeLaney, Manhattan, and Roland Knippel, Art Eisenbrandt, Elmer Sievert, Vernon Fenke and Harold Heisner, Frankfort.

—Fred G. Lehmann, pub.

CORN BEEF DINNER

The Sacred Heart League of St. Mary's church, in Mokena, will sponsor a corn beef dinner in the church hall on Wolf road, St. Patrick's Day, March 17, starting at 6 p.m. Everybody is cordially invited to attend.

Inoculate 385 Children In Hedges Clinic
With Salk Vaccine To Guard Against Polio

Dr. Claude Otto, of the Hedges Clinic, Frankfort, assisted by Betty Kono, from the Joliet office of the Will County health department, administers Salk vaccine to Ken Weber, 14, of New Lenox.

HEART ATTACK
FATAL TO
WILLARD SAYERS

Willard G. Sayers, 50, lifelong resident of New Lenox, died in his home at 120 Elm st., Tuesday morning at 1 o'clock. He had suffered a heart attack in his home the day before and was resting quite comfortably, but failed to survive a second attack.

Mr. Sayers was born in New Lenox in 1905, the son of the late William and Josephine Sayers. He was united in marriage Feb. 20, 1931, to the former Miss Edith Wilson, of New Lenox. He has been employed as a heat treater for the Ingalls-Sheppard Drop Forge Co., at Harvey, and was a member of the New Lenox Modern Woodmen and the Volunteer fire department.

Surviving, besides his widow, are his mother, Mrs. Josephine Sayers of Mokena, two daughters, Barbara and Marilyn, and four sisters, Maud (Mrs. Howard Ayres), Mildred (Mrs. Joseph Novak), Bessie, (Mrs. Albert Klock) of Channahon, and Ruth (Mrs. Lentz) of Chicago. Also, two brothers, Harold, of Mokena and Walter, of Joliet.

Funeral services will be held this afternoon, Thursday, Feb. 24, at 2 p.m. in the New Lenox Methodist church, with the pastor, Rev. Ralph Miller, officiating. Burial will be in Maplewood cemetery, New Lenox.

County Clerk, Wife
To Observe Golden
Wedding Anniv.

Announcement is being made of the observance of the golden wedding anniversary of County Clerk and Mrs. Joseph H. Hartley. Both are well known throughout the county, through his work.

Mr. Hartley is starting his 17th year as county clerk or his fifth term. He is at his office every morning and both are active in their work, home and church.

Mr. Hartley has been and still is, a good county clerk, and much improvement has been made in his office so as to handle the increasing work more efficiently.

Mr. Hartley's home was in Diamond and Mrs. Hartley, the former Anna Rhoads, lived in Braidwood. They were married in Joliet March 1, 1905 and went to housekeeping in Braidwood.

They moved to Joliet in 1920 where they have since lived. They have four children, Harold, of Lansing; Russell of Joliet; Vera, Mrs. Charles Donaldson, River Forest and Clara, Mrs. Milo Woodard of Joliet, the latter being employed in the office with her father. There are also 5 grand children.

The open house for them will be held Sunday, Feb. 27 in the Eagle's club, 20 W. Washington St., Joliet from 2 to 5 p.m.

St. Mary's Keen
Teen Entertained By
St. Jude Hi Teen

Members of St. Mary's Keen Teen at Mokena were guests of St. Jude Hi-Teen at a party held Feb. 17.

The entertainment for the evening consisted of square dancing, which was called by Dennis Griffin and ballroom dancing. A short skit was given by St. Jude Hi-Teen. The cast included: Eunice Alexander, Cliff Mann, Chick Martin, Barb McCure and Joann McCure. A clever monologue was given by Diane Wondrasek.

Barbecue sandwiches and cake topped off a very enjoyable evening.

7 Wells Contaminated, Sunny
Acres Water Tests DiscloseSUNDAY IS
'RED CROSS
SUNDAY'

Feb. 27 is Red Cross Sunday in Will county, preliminary to the 1955 Red Cross Fund appeal during the month of March. The Will county quota of \$66,813 has been broken down among Joliet and 25 county town and rural divisions for the most part based on township lines.

Ellsworth Bunker, national president of the American Red Cross, stated: "The challenge to the Red Cross is this: we must carry on a vast peacetime program and at the same time be prepared to meet a great national emergency should armed conflict be forced upon us."

Local Red Cross fund chairmen are: Mokena, George Krueger, Wolf road, Mokena, Marley; Miss Caroline Tilsy, Mokena; Homer; Robert Burch, RFD, 1, Lockport, Frankfort; Mrs. Herbert Folkers, Frankfort, with Rev. Ralph Steele co-chairman. New Lenox: Mrs. Lester Brown, 150 So. Cedar Road, New Lenox. Mokena's goal is \$425 and Frankfort's has been set at \$325.

Mokena's Goal For
Red Cross Is \$425

The month of March will again be Red Cross month in Will County, and if Mokena's goal of \$425 is to be met, everyone in the community is urged to get behind the big push.

The community services of Red Cross are numerous, best known are work of the Red Cross does for members of our armed forces around the world in emergencies and for recreation. (2) The Red Cross collects and distributes blood for about 40% of the civilian needs throughout the country. More than two million pints of plasma were provided for the needs of the nation last year. (3) In any disaster the Red Cross is just about the first in and the last out.

Last year when our own immediate area was threatened by the flash flood which hit south Cook county, the Red Cross was on hand, helping the unfortunate evacuate, etc., doing what was necessary.

Assisting George Krueger, local insurance agent, in the collection this year are: Mesdames Pearl Baker, Helen Sippel, Walter Shewski, Kenneth Corniels, Jane Bills, Ardell Spiess, Charles Burkhardt, Sr.; Doris Smith, Louise Akers, Roy Kropp, Margaret Istel, Peter Homering, Betty Homering, Lillian Egness, Robert De Forest, Charles Florey, Lyman Teague, Marie Kuchenbecker, James Fassett, Bernice Cervenka, Al Zemeske, Betty Homering, Roy Richardson, Edna Howes, Richard Hird, Marion Nordsell, and George Dath.

Richard Nelson
Made 2nd Lieut.
In Marine Corps

Richard L. Nelson, son of Lewis M. Nelson, of Third st., Mokena, has completed his studies at the Illinois State Normal University, receiving a B.S.E. degree. He received his commission as second lieutenant in the U.S. Marine Corps, Feb. 7 at East Peoria.

Richard will report for duty at Quantico, Va., Feb. 28.

St. Mary's Safety
Patrol Cited By
Chicago Motor Club

St. Mary's school, Mokena has received an award from the Chicago Motor Club honoring student cooperation with the school safety patrol in earning a perfect safety record for 1954.

The award is given annually to Illinois and Indiana schools in the motor club's territory where students suffered no injuries or fatalities at crossings protected by safety patrol members.

Chas. M. Hayes, motor club president, praised the students for their excellent record and said school safety patrols have saved the lives of more than 8,200 children in the two states since they began guarding crossings in 1922.

"Patrols have operated successfully because they were founded with the idea that school children can be trained to take care of themselves," Hayes said. "Parents, patrol supervisors, police authorities and civic officials who sponsor the patrols can take pride in their accomplishment."

"But it is all students who have worked to learn the rules of safety that have made the patrol effective. It is those boys and girls and patrol members we honor with the award."

Cooper and Hostert
Given Citation

Cooper and Hostert, Mokena, has been named one of Ford Motor company's Four Letter Dealers for 1954, it is announced by O. F. Yando, Chicago district sales manager.

The citation is presented annually to outstanding Ford dealers in each of the company's sales districts. A letter from the district manager to the local dealer said in part:

"The high standards that you have met in finance, management, spirit and facilities to attain this award should give you a tremendous advantage in the competitive months ahead. We congratulate you for being in this enviable position."

A Four Letter Dealer plaque, pin and other material for display in the dealership showrooms will be presented at a later date.

Honor Couple On
25th Anniversary
Of Their Wedding

With their sons, Richard and James and wife, as hostesses, the 25th wedding anniversary of their parents, Mr. and Mrs. Harley Gillette, was celebrated by a family gathering Feb. 19. It was held in the home of James Gillette. After a social hour, refreshments were served. A two-tiered cake centered the dining table.

Mr. and Mrs. Harley Gillette were married Feb. 18, 1930, in Durand, Okla., and came to Mokena, following which they went to housekeeping. The honored couple received many nice gifts.

QUOTE:

"More and more people point out, as though in wonder, that the Golden Rule is common to all great religions. Why should it not be, since the aim of all religions is the same? They are all phases of one eternal religion that may at times suffer partial eclipse, but never dies."—From "Truth Is One," by Henry James Forman and Roland Gammon (Harper.)

A few weeks ago the Sunny Acres association took samples of every well in the subdivision and sent them to Chicago for analysis. It will be of interest to everyone in the area using their own individually drilled wells that seven of Sunny Acres wells were contaminated, according to State tests.

During the first test, when directors of the subdivision took the samples, the analysis showed that the water from 11 wells were unfit for human consumption. A second sample was taken by George Krueger. Seven of these came back with the same story, contaminated.

Simple chlorination of the wells may be the answer to getting rid of the bacteria. If the property owners will do this and notify Mr. Krueger that the chlorination has been completed, he will take another sample and send it in for analysis. All property owners facing this problem have been notified.

Some 85 wells were checked. This test has brought forward one important fact, that it might be a good idea to have your well water tested by the Will County health department once or twice a year.

This was the service of the Sunny Acres property Owners association.

Dennis Helenhouse
'Going Places'
With Guernsey Cow

Dennis Helenhouse, 11, son of Mr. and Mrs. Harold Helenhouse, of New Lenox, was accepted in January as a junior member of the American Guernsey Cattle club. He has been a member of the Frankfort-New Lenox 4-H club for the past year, and won the championship for Guernsey cattle in the three-year old class at the Will County exhibit last July, with a Guernsey cow that he owns. Dennis also won a blue ribbon at the same time for the three year old cow.

This cow was bought in 1954 from Illinois Guernsey Breeders Assn. Dennis has been working on this as his project in the 4-H club.

In order to qualify for membership in the Guernsey Cattle club, it was necessary for Dennis to have title to a registered Guernsey recorded in his name. He was invited by Geo. A. Campbell field secretary of the Illinois Guernsey Breeders' Assn., to attend their annual meeting to be held in the Union building on the campus of the University of Illinois at Urbana, Friday, Feb. 25. His parents and sister Carol will also attend. At that time Dennis will receive a certificate of merit showing he is the highest ranking member with a Guernsey animal 4H project.

Dennis lives on a farm with his parents in the southwest section of New Lenox township, and attends the Union rural public school of this area. His one great ambition is to be a farmer, and it looks as though he is well on his way.

Frankfort To Hold
Centennial In August

Frankfort has now set the days for their centennial and are planning a big celebration over a four-day period. Centennial Days for Frankfort have been set for Thursday, Friday, Saturday and Sunday, August 11, 12, 13 and 14.

Details of the centennial celebration will appear in this paper from time to time as the various committees develop their plans, which, it can now be said, will be extensive.

World's Fastest Basketball Game
To Be Played In Mokena March 19

There will be a special basketball game played in the public school gym Saturday, March 19. This game, sponsored by the Mokena PTA will be the most unusual and exciting game ever seen hereabouts.

Sometime ago several of the school board members were fooling around in the gym shooting baskets and bragging about their abilities which apparently haven't been completely lost. One of them thought of the bright idea of challenging the Mokena Meteors (the grade school heavyweights) to a game for the championship of the village.

They approached Jim Wrath, coach of the Meteors, in a body and after much discussion the of the tremendous height and challenge was accepted. In spite of the weight advantage of the Mokena Vagabonds (the name given to the board of education challengers since they, too, have been

around although not to the extent of that team from Harlem) the Meteors will more than offset this with their condition and youthful enthusiasm. The outcome of the game will be a toss up.

The game is to be strictly an amateur one with no college stars secretly recruited by the board for last minute substitutions. Reports Betty Cappel who has been engaged by the Vagabonds as coach. The team physician, Dr. George Lengerich, has outlined a program of exercises, diet, training rules and hours, etc., to whip the team into top outlined a program of exercises, the "boys" can be seen almost every day (if you get up early enough) sprinting around town trying to get in better condition.

The Vagabond squad and their qualifications other than weight, age and height: Mayor John Scarth, honorary captain; Bob

Geuther who has won three letters in his high school band; has completed all his special courses in Torts with brilliance; Lyman "Thin Man" Teague who is equally brilliant on the 88-Board; Hans Muehler the expert bowler; Gordon Bruce, especially well qualified by being the father of a quintet and Eddie, "Shorty" Yunker, terrific on any type of tractor.

The Vagabonds are confident that they know a few tricks of long ago which will baffle Wrath's strictly modern players. Special permission is being obtained to make the playing floor area somewhat smaller so as to increase the seating capacity to 400.

A suitable trophy will be awarded to the team winning the village championship for display in the school trophy case. Between halves the most valuable

player on the lightweight and heavyweight teams will receive an award. The selection of the most valuable player will be made by his respective teammates.

Negotiations are underway for TV and radio broadcasting rights but have not been completed as yet. One of the conditions agreed upon is that all of Will County will be blacked out. There will be no passes nor cut rate tickets available except to the press and WCTU. Sheriff Doerflinger has warned that ticket scalpers will be arrested.

There will be no open exhibition matches, all practices are being held behind closely guarded doors.

A handsome photo of the Vagabonds, suitable for framing will appear next week, don't miss it.

Save the date March 19.

Over 3,000 Nickel Alloys

There are over 3,000 alloys currently used containing nickel in varying proportions - an indication of the importance and versatility of nickel as an alloying element. The nickel percentage in these alloys varies from 99.7% in the malleable nickel to upwards of 0.20% in low alloy - high strength steels.

School News

Mokena School News

Grade 1

One of the big events of first grade is the annual Valentine party. This year it was especially fine. June Swanberg donated a beautifully decorated box. Mrs. Hans Mueller brought some delicious cupcakes. Each child had ice cream. We appreciated the help of Mrs. Bost and Mrs. Mueller to pass out the valentines. We sang songs and played circle games and read the Valentine chapter in Raggedy Ann.

Grade 2

Today was a day for trying to learn to do new things in the second grade at Mokena school. In the morning the children learned something about column addition. It will take a few more lessons to catch on though. In the afternoon the children learned to make a picture out of different colored pieces of paper.

Grade 3

The third grade class is having their reading, language and spelling on the stage. Mrs. Edith Warning of New Lenox has been hired as the new teacher. Mr. Homerding, the janitor, has mounted a large blackboard on casters for the use of the class. The pupils made pictures of wild animals they have been studying in their reading.

Grade 4

The fourth grade is continuing their study of the United States. Their object is complete familiarity with states and their locations.

Grade 5

The sixth grade girls this week won again in the spelling percentage contest. The girls with 43 percent and the boys with 41 percent. The girls went down on their percentage and the boys went up.

We also have been having spelling bees to determine the 10 best spellers in the room. They will compete with the seventh and eighth graders.

In science class we made Health posters. On these posters we cut pictures of foods out of magazines to show a well balanced meal. Beside these pictures we wrote what these foods contain such as: vitamins, proteins and minerals.

Grade 7

The seventh grade exchanged Valentines this week and the activity was made extra enjoyable because of the beautiful box which contained all the cupid's

notes. The date will be further celebrated this Saturday when the Seventh grade will entertain the Eighth with a big February party. It will follow the championship game between New Lenox and Mokena's lights.

Grade 8

The eighth grade class attended a party last Saturday night given by the seventh grade. Games were played and refreshments were served. A good time was enjoyed by all.

A class meeting was held Feb. 18 for the purpose of discussing our field trip this spring. The following committee was appointed to select several places which in turn will later be submitted for class approval: Gerriann Hull, chairman, Beverly Johnson, Fred Kieslar, Tom Ricketts.

We are studying the Constitution with the help of Mrs. Warning.

TINLEY WINS; LOSES TO FLOSMOOR

The Tinley Park basketball team played a conference game against Flossmoor, Feb. 16 in the Tinley Park school gym. Tinley Park won the first game, but lost the second. In the first game the Tinley Park light weight team outscored the Flossmoor light weight team by a 29 to 13 score.

Bob Goetch, Tinley Park's center, was the game's high scorer with 15 points. Jim Hartmann was second with 4 points. Bob Timpt was high scorer for Flossmoor with 4 points. Flossmoor used a total of 12 players, while Tinley Park used 11 players. Tinley Park took the lead in the first quarter and held it for the rest of the game.

In the game between the heavy weight teams, Flossmoor's two Vicky brothers each scored 11 points. Bob Rodger scored 10 points for Tinley Park and Walter Eggert and Dennis Tatum each scored 6 points.

At the end of the first quarter Flossmoor lead by a 7 to 4 score but by the half the score was tied 11 to 11. After the half time Flossmoor took the lead and held it until the game ended.—Lewis Matuszewich.

Tinley Public Schools Holds Valentine Dance

The upper grades of the Tinley Park public school held a Valentine's dance in the gymnasium Feb. 14 while the fourth and fifth grades had their parties in their own rooms.

For music the group had records. There were five dances, a mixer and five more dances. Refreshments were served after the mixer by the teachers. After the dances, valentines were distributed by the boys—George Klaus, Room 102, grade 7.

L-W Students Pay Visit To Museum Of Science, Industry

Eighty students of the general science classes at Lincoln-Way high school took a trip to the Museum of Science and Industry, in Chicago Feb. 4. The students enjoyed a day of browsing through a maze of exhibits and working models. Some exhibits of special interest were the model coal mine, the radio and television exhibits, and a replica of Yesterday's Main street.

All students are members of one of the classes instructed by Glenn Young of the Lincoln-Way faculty. Several parents of the students accompanied the group.

Gas Consumption Breaks All Records In Zero Cold Wave

Northern Illinois Gas company send-out records were broken on successive days during the last week in January's below zero cold wave, Marvin Chandler, the utility's president, said. The previous high of 311,000,000 cubic feet of gas, established Jan. 11 of last year, first was eclipsed during the 24-hour period ending at noon Jan. 26 when the maximum use reached 317,500,000 cubic feet, and then the following noon Jan. 27 as the company's maximum 24-hour send-out totaled 353,700,000 cubic feet.

The importance of Natural Gas Storage company of Illinois' underground storage field was demonstrated during this cold wave, Chandler said, since Northern Illinois Gas augmented its pipeline supply from this source as it withdrew six million cubic feet of gas the first day, and 36 million the second.

Although the Herscher storage field still is in its development stage, Chandler pointed out, the withdrawal of gas from it during the extremely cold weather proved an important factor in supplying the increased demands of the company's 479,500 customers, particularly the 169,000 who heat their homes with gas - 144,000 of them added since Sept. 1945.

The supply now available from the Herscher field, which began limited operations in the fall of

1953, has permitted the company to add an additional 30,000 gas heat customers to its system since that time. Included in this figure is a substantial number of the 37,000 customers at the top of the company's waiting list who received 1954 authorizations to heat their homes with gas. However, a backlog of about 113,000 remains, Chandler said.

Lift Restrictions On Positions Open With Tinley P.O.

It has been announced by J. A. Conhor, Director of the Seventh U. S. Civil Service Region, that inasmuch as his office has been unable to obtain sufficient eligibles for the positions of substitute clerk and substitute carrier who are bona fide patrons of the Tinley Park post office, the residence requirements are being lifted in order that any interested persons may file for these positions.

Applications will be accepted from persons, regardless of their residence, who indicate willingness to accept appointment in Tinley Park.

Starting pay for these positions is \$161½ per hour with opportunity for advancement. Additional compensation is provided for night work and for authorized overtime.

Applications must have reached their 18th birthday but must not have passed their 50th birthday on the date of filing application. These age limits do not apply to persons entitled to veteran preference.

A written test is required of all applicants.

The duties of these positions require physical exertion and applicants must be physically fit to perform these duties or they will be rejected.

Applications must be filed with the Regional Director, Seventh U. S. Civil Service Region, New Post Office Bldg., Chicago 7, Illinois, and will be accepted until further notice.

Full information and application cards may be obtained at any post office in which this announcement is posted.

Is Your Pooch A Canine Centenarian?

Are there any canine centenarians in this area?

A dog research organization in New York is most anxious to know of them and has asked the cooperation of this newspaper in locating them. They are being sought in connection with a projected scientific study that man mean much to the greater well-being of dogs and perhaps also of humans.

To qualify as a "canine centenarian" a dog must be at least 17 years of age, according to the Gaines Dog Research Center. (Seventeen years in the life of a dog is believed to be roughly equivalent to 100 in a human.)

Persons owning or knowing of dogs 17 years old and over, whose exact age can be substantiated, should drop a postcard to the Gaines Dog Research Center, 250 Park avenue, New York 17, N.Y., listing the breed, sex, date of birth or when acquired, present age and the name and address of the owner. The Center will acknowledge each card by forwarding a questionnaire designed to ascertain the essential vital data required for the scientific study.

First Contracts Awarded For 1955 Highway Building

The first contracts under Gov. William G. Stratton's \$123,628,000 highway construction program for 1955 have been awarded at Springfield. They cover bridge and road building work totaling \$2,575,660.

Announcement of the awards, made by Edwin A. Rosenstone, director of Public Works and Buildings, said the contracts were let on the basis of low bids submitted Jan. 28. They include projects in 22 counties.

CHRISTIAN SCIENCE CHURCHES

The vital need for proofs rather than mere professions of Christian power will be stressed in the Lesson-Sermon entitled "Christ Jesus" to be read at Christian Science services on Sunday, Feb. 27.

Selections from the Bible include the following passage from the Sermon on the Mount (Matthew 5:16): "Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will include the following (233:1-5): "Every day makes its demands upon us for higher proofs rather than professions of Christian power. These proofs consist solely in the destruction of sin, sickness, and death by the power of Spirit, as Jesus destroyed them."

The Golden Text is from I John (4:9): "In this was manifested the love of God toward us, because that God sent his only begotten Son into the world, that we might live through him."

Theodore Bueschell Weds Chicago Girl

Theodore L. Bueschell, son of Mr. and Mrs. Theodore E. Bueschell, of 29019 So. Wolf road, Mokena, was united in marriage to Miss Donna McNeil, daughter of Mr. and Mrs. Donald McNeil, of Chicago.

The wedding took place Saturday morning, Feb. 12, in St. Mary's of the Sea church, in Chicago.

Mr. Bueschell is employed as a mechanic for road-building machinery of the government, at Hines, Ill.

U. S. Large Consumer of Platinum Metals

The United States was about two-thirds of the world's average annual output of the platinum metals. The chemical and electrical industries account for about 84 per cent of the total consumption in that country, while only 16 per cent is employed by the jewelry and dental industries.

Mrs. Dorothy Bettenhausen entertained Friday at a dessert-luncheon with a demonstration party following.

Mrs. Cora Douglas entertained her birthday club Thursday evening.

Mrs. John Feulner of Peoria was a house-guest of her son and family, Mr. and Mrs. Clifford Feulner, the past week.

Mrs. B. Stuka of Chicago Heights was a guest of Mrs. Charles Schara Tuesday afternoon.

Mrs. Helen Chapman has returned home following surgery in St. Bernard's hospital recently.

Guests of Mrs. Charles Sippel Tuesday were: Mrs. Dan Yessen, Mrs. Til Steinhagen and Mrs. Henry Laudau of Frankfort.

Dinner guests at the Jim English home with the C. Sprague family as co-hosts were, the latter's parents, the senior Spragues and Kenneth Sprague of Balsalt, Colo. Kenneth spent the week end in Washington, returning to Chicago Monday where his parents joined him and they flew back to Colorado that evening.

Paul Mathew Vincent was baptized Feb. 13 at 2 p.m. in St. George church with Rev. J. J. Wholey, O.M.I. of Gary officiating. Sponsors were Shelia Vincent, a sister and Thomas Pack, a cousin. Buffet supper was served to 27 guests which included grandparents, Mr. and Mrs. Charles Millis of Chicago and Mrs. Laura Vincent, also of Chicago. Paul, is the son of Mr. and Mrs. Charles F. Vincent of 175th and Central and was born Jan. 13.

John O. Knutson of 6501 Pine Point is a medical patient in Billings Memorial hospital.

Mrs. Roy Smith was guest of honor at a pink and blue shower Friday evening in the home of Betty Beck. Twenty guests from Chicago, Markham and Midland as well as Tinley Park enjoyed dainty refreshments from a buffet table centered in appropriate theme.

Mary Margaret Miller, infant daughter of Mr. and Mrs. Frank Miller was baptized Sunday afternoon in the St. George church with Rev. J. J. Wholey, O.M.I. of Gary officiating. Sponsors were, Dianne Cupp of Tinley Park and William Wessel of Riverside.

Mr. and Mrs. Francis Farrington

ton of 6631 Pine Point Dr., are delighted with the arrival of Kathryn Ann, born Feb. 5 in Hazelcrest hospital and weighing six pounds eight ounces. Also happy with the baby sister are Francis age 3 and Martin age 2. Tuesday evening neighbors gathered at the Farrington home, bringing a complete pink and blue shower, refreshments and all Mesdames Kolar and LaPierre were responsible for the grand surprise.

Ralph Splawski celebrated his 10th birthday Feb. 16 with a party for 10 guests. Schoolmates and neighborhood friends enjoyed the usual party games and refreshments. Ralph is the son of Mr. and Mrs. Leonard Splawski.

Mrs. Irene Goetsch left by train to spend several days with her mother, Mrs. S. Turner at Traer, Iowa.

Mr. and Mrs. Walter Mancke left the past week for an extended vacation in California where they will visit with relatives and friends.

Mrs. Raymond Jensen of 174th St., Tinley Park, served luncheon for 8 friends and their children Friday, Feb. 18 as a project for the Miriam Circle of the Methodist church.

Mrs. Andrew Miller, 18201 Harlem Ave., received a vertebral injury in an accident while working at the Service Bakery Feb. 15 and has been confined to her home since. X-rays showed no fracture, although the injury has been painful. Diathermy treatments are being given.

The highest attendance was noted at the services of the Church of Christ Sunday when 80 were present at Sunday school and 108 at morning worship. The services were further enhanced by a trio from the Lincoln Bible institute, the Misses Nancy and Flora May Guernsey and Jackie Summers.

The Sunday school of The Church of Christ is conducting a railroad attendance contest. The mileage covered by each train is being marked on a train posted in the church. The contest will cover six weeks, with the loser treating the winners.

Mr. and Mrs. Noble Ginter entertained Carl Rauch, Jr., Alma Rauch, Mrs. Alice Newton and Elmer Ginter at dinner Sunday at Surma's restaurant in honor of Carl's 17th birthday.

Mr. and Mrs. Noble Ginter visited with Rev. and Mrs. J. Frank Anderson in Waterman recently to help Rev. Anderson celebrate his birthday.

Twenty-seven members of the Sunday Evening club of Methodist church attended a dinner

Sunday, at Jardine's to observe the 5th anniversary of the club. Corrine Anderson, daughter of Mr. and Mrs. Eugene Anderson, returned Feb. 16, after being hospitalized for 16 days. She must remain in bed for perhaps a month or more. She would be cheered by cards or calls from her friends.

Ronnie Hosking, son of Mr. and Mrs. Roland Hosking, was home from Broadway academy in La Grange over the week end. Miss Vesta Wohler of La Grange, was a guest in the Hosking home. Fifteen of his friends were invited to a party Saturday night in his honor.

Will County 1955 Corn Allotment Set At 140,981 Acres

Will County's corn acreage allotment for 1955 is 140,981 acres as compared with the 1954 allotment of 129,763 acres. In making the announcement, Roy M. Smith of the Will County Agricultural Stabilization and Conservation committee points out that the increase over 1954 is due to an increase in the national allotment recently proclaimed by secretary of agriculture, Ezra Taft Benson. The national corn acreage allotment for 1955 is 49,842,697 acres; in 1954 it was 46,905,504 acres.

Mr. Smith advises that the county allotment is now being apportioned among the corn growing farms of the county and that notification of individual farm allotments will be in the mail to farmers about March 1. Those who feel that their allotments have not been properly calculated may file an appeal with their county committee within 15 days after the allotment notice was mailed.

The farm allotments, chair-

man Roy Smith explains, are based on the acreage planted to corn in 1951, 1952 and 1953, as adjusted for abnormal weather, and changes in the type of farm operation. Adjustments also may be made to bring the corn acreage into conformity with farms that are similarly operated and also are similar as to tillable acreage, crop rotation practices, type of soil and topography. After this a uniform adjustment percentage is applied to all farms in the county to bring the total within the allotted acreage for the county.

Joliet Jr. College Musicians To Perform At L-W

Dr. Hal Dellinger, head of the Jr. College music department at Lincoln-Way high school, is bringing out some of his instrumental and vocal students for an assembly program Thursday morning Feb. 24, at 9 a.m. The program will be held in the gymnasium with the entire student body in attendance.

SPECIAL EXAM FOR TEACHERS

Teachers whose certificates were issued after July 1, 1953 and expire on June 30, 1955, must write an examination on the Constitution of the State of Illinois and the Constitution of the United States before their certificates can be renewed for the school year 1955-56, according to Verne E. Cracker, Supt. of Schools of Will county.

Inasmuch as some teachers may be out of the State, or be enrolled in summer courses when the regular examinations will be given on March 11 and on June 10, arrangements have been made for a special examination to be given at 9:00 a.m. Saturday morning, April 30, in the Board of Supervisors room of the county court house in Joliet.

The Norfolk and Western Railway—last of the completely coal-burning railroads—has completed tests of its new coal-burning steam turbine locomotive and found it cuts fuel costs 30 per cent.

Afternoon Snacks That 'Pick You Up'

Here is a recipe for tasty afternoon snacks, just the thing for that needed "pickup" when the day is beginning to wane. This recipe was submitted by Mrs. Martin Medema, of Mokena.

If you have a favorite recipe that you'd like to pass along, be sure to send it in, with your name and address.

KALACHY

1 lb. Oleo
2 cups flour
1/2 cup cold water
Mix Oleo and flour like pie dough and add water. Roll like pie dough and cut into two-inch squares. Put jam in center and fold two corners together. Bake in 375 degree oven for 15 minutes.

Bremen Students On Sachs Program

On the Morris B. Sachs Sunday program of Feb. 27, the Musikings will bid for honors. This is a three piece orchestra composed of John Hannigan,

Mike Krygowski and Ed Nieta. They are students at Bremen hi and Thornton and play for the dances at Bremen.

Margaret Bergman Estate Petitioned To Be Probated

In the absence of a will, a petition has been filed to probate the estate of Mrs. Margaret Bergman, of Mokena, who died Feb. 8. The estate is said to consist of real estate valued at \$5,000. Two sons, both minors, are her heirs: Donald J. 20, and David C. 17, both of 317 Front st., Mokena. The boys asked to have Mrs. Esther Bergman, their aunt, who lives in Chicago, appointed administrator in the petition prepared by the law firm of Gray, Thomas and Wallace. Another petition asked to have their aunt appointed their guardian.

85 - Foot Monel Tubes
Monel tubes up to 85 feet in length can be drawn at the new cold draw section recently placed in operation by International Nickel at its Huntington, West Virginia, Works.

devotions. The March meeting will be held in Silver Cross hospital nurses' home in Joliet.
A special meeting open to all church organizations will be held in the Marley church, Monday night, March 7 at 8 o'clock. Dr. Carleton Saywell, executive secretary of the Baptist Convention of Arizona, will be the speaker. Refreshments will be served after the meeting.
The Missions committee of the Marley Missionary society will serve a supper to the men of the Marley Brotherhood this Friday night, Feb. 25 at 7 o'clock. There will be a Brotherhood meeting following the supper. Tickets may be purchased from the committee.

Mrs. William Haskins is a surgical patient in St. Luke's hospital in Chicago.
Mr. and Mrs. Howard Warzyn and children, Terry, Gail, Russell and Charles of LaGrange were guests Sunday of Miss Helen and Miss Caroline Tilsy.

Mrs. Adella Sproat spent last Tuesday with Mrs. Ruth Morrison in her home near Frankfort.
Mr. and Mrs. Wayne Peterson and daughter, Laura Sue, of Gifford and Mr. and Mrs. Loren Sass and family were entertained Friday night in the home of Mr. and Mrs. Fletcher Binion, Jr.

Mr. and Mrs. E. D. Gillette, Mr. and Mrs. Russell Lauffer and family and Mr. and Mrs. Edward Sproat and daughter Bonnie were guests Saturday night in the home of Mr. and Mrs. James Gillette in Mokena. The occasion was in honor of Mr. and Mrs. Harvey Gillette and their 25th wedding anniversary.

Mrs. Adella Sproat was a visitor Monday in the home of Mrs. Leonard Huisling in Lockport.

Mr. and Mrs. Charles Sievert were dinner guests Sunday in the Clarence Wies home in Homer, honoring the wedding anniversary of Mr. and Mrs. Peter Wies and Mr. and Mrs. Walt Konow.

Mr. and Mrs. Stanley Coe attended the funeral of her aunt, Mrs. Mary Casson at Pontiac, Thursday.

1955 Nickel Outlook
Based on available information it is estimated that free world nickel production this year should approximate 415,000,000 pounds, compared with an estimated output of 390,000,000 pounds in 1954. It is expected, after satisfying defense requirements and deliveries to government stockpiles, under present schedules, more nickel will be available to free world industry for civilian applications in 1955 than was the case in 1954.

Wheat Yield is Boosted 28 Bushels by Good Soil Care

INCREASES of as much as 28 bushels of wheat per acre from the use of fertilizer were obtained on some Kansas farms last season, reports the Middle West Soil Improvement Committee, in citing results of tests summarized by Dr. Floyd W. Smith, Kansas State College agronomist.

"Wheat made 60.4 bushels per acre on the top fertilized plot on the Ted Brown farm near Waverly," Smith said.
"Yields averaged more than 50 bushels on plots at the Ottawa experimental field and on the Vernon Meador farm in Wenatcha. Seven other locations had top yields ranging from 40 to 49 bushels per acre."

Overall results on 18 farms in Eastern and Central Kansas showed that fertilized wheat averaged 13 more bushels per acre than unfertilized wheat.
Smith estimates that fertilizer returned more than \$4 for every \$1 invested in plant food. Even in severe drought area, there was usually enough yield increase to pay the cost of the fertilizer treatment, he said.
Summing up the results of Kansas tests over the years, Smith said:
"If a farmer will have his soil

"Battle of the Species" Can be Won by Alfalfa

Alfalfa can win the "battle of the species" among other legumes and grasses when your pasture mixture gets a full feed of lime, phosphate and potash, says the Middle West Soil Improvement Committee, in quoting P. E. Johnson, University of Illinois agronomist.
On well fertilized clay pan soils in Southern Illinois, alfalfa was boss in a pasture mixture that included red clover, alsike and timothy. Johnson reports, Red Clover ranked second.

Corn Champion "Pours On" Nutrients for Prize Yields

Corn King Willard Kirk shows his championship exhibit of ears.

WILLARD C. KIRK, America's new Corn King, says that good soil structure, plenty of organic matter and a "pantry-full" of plant nutrients were decisive factors in helping him produce his championship corn.
Kirk, who farms 335 acres near Jeffersonville, Ohio, won the corn crown at the recent International Hay and Grain Show of the International Livestock Exposition in Chicago.

The new champion builds and maintains his soil's fertility level by a "put-back" replenishment program. This includes regular feeding the soil a well-balanced supply of nitrogen, phosphate and potash fertilizer. It includes liming at least every three years.

The program also involves returning all the manure from Duroc hogs, sheep and a herd

tested and if he follows recommendations for the use of phosphate, potash and nitrogen, he should realize \$2 to \$3 for every dollar spent on fertilizer.
"In some years results may not be this good. But under particularly favorable conditions such as we had in 1954 in extreme Eastern Kansas, returns may be as high as \$4 to \$5 for every dollar invested."

"Battle of the Species" Can be Won by Alfalfa

Alfalfa can win the "battle of the species" among other legumes and grasses when your pasture mixture gets a full feed of lime, phosphate and potash, says the Middle West Soil Improvement Committee, in quoting P. E. Johnson, University of Illinois agronomist.

Magnetostriktion
The fact that nickel changes in length when it is magnetized has brought about a growing industrial application of the principles of magnetostriktion. This property of nickel is applied in high-frequency industrial cutting tools, burglar alarms, sonic depth-finding equipment and submarine detection apparatus and related devices for locating schools of fish.

"JIM BO" IT SWIMS
INTRODUCING
JIM BO—the most sensational invention in the history of fishing—the artificial minnow that swims like a real minnow. No more live bait to buy. This is the lure sensation of the 20th century.
IT SWIMS—no springs, uses no fuel. It swims as long as you leave it in the water. Swims by unique process of balance and gravity. Fish any desired depth—in lake, stream, pool, bay. Any fish that will strike a minnow will strike JIM BO. This is no gadget. Looks and swims like a live minnow.
This is the lure of all lures—beautiful silver leaf plastic. Buy one for your friends also. Satisfaction guaranteed. Send \$1.00 only, for each lure. Send check or cash. We pay postage. Sold by mail only.

McCORMICK-DEERING DISKS
have these important features
• HEAT-TREATED
• CRIMPED-CENTER
• VERTICALLY GROUND CUTTING EDGES

These disks are made from heavy gauge steel and are heat-treated for extra wear. The crimped-center provides a strong reinforcement to withstand strains that would crack or damage the ordinary disk. These disks are vertically ground to do a better job of cutting stalks, roots, other field trash. Ask us about these important features next time you're in town.

Ingalls Memorial Hospital Holds Its Annual Election

At the annual meeting of the active members and representatives of corporate members of Ingalls Memorial hospital last week, the group unanimously re-elected as officers, John Bardwick, Jr., chairman of the board of trustees; Herman A. Jones and Herman C. Hoekstra, vice chairmen; Foss P. Miller, treasurer and assistant secretary; and Lester C. Mortrud, administrator, secretary, and assistant treasurer.

Also re-elected as members of the board of trustees were Guy T. Avery, executive vice president, Acme Steel company; Mrs. Jean Ingalls Havens, daughter of F. A. Ingalls whose generous gift of personal funds built the original hospital buildings and who long contributed to its maintenance; A. Myron Lambert, publisher of the Harvey Tribune; William E. Mc Vey, Congressman, Fourth District of Illinois; Leo E. Sample, partner, J. W. Oliver and company; and R. B. Van Haften, president, the National Bank of Harvey.

Election to the board of trustees is by nomination of the active members of the hospital. Other members of the board whose terms did not expire are: John P. Buck, vice president, Maremont Automotive Products, Inc.; Stevens H. Hammond, chairman of board, Whiting corporation; Harry W. Lillengren, vice president, Blass and Laughlin, Inc.; Ralph K. Mangan, president, the Buda company; Samuel R. Marks, president, Marks Toggery; Robert W. McClelland, district manager, U. S. Steel Products, Division, U. S. Steel company; Henry C. Piel, attorney; Frank W. Prindiville, owner, F. W. Prindiville and com-

pany; W. R. Riggs, manager-adviser; Sinclair Research Laboratories, Inc.; Paul W. Soeksen, owner, the Eagle Department Store; and Harry W. Vinke, president, Wausau Lumber and Coal company and chairman of board, South Holland Trust and Savings Bank.

Of those trustees who were elected officers of the board, Bardwick is president, Harvey Federal Savings and Loan association; Jones is manager of Station Department, Johnson Oil Refining company; Hoekstra, secretary-treasurer, Hoekstra Cleaning company, and Miller is assistant treasurer, Wyman-Gordon company.

Chairman of the board Bardwick, in his report to the board, said: "During 1954 Ingalls Memorial hospital served 19,137 people, a number approaching the entire population of either Harvey or Park Forest. Every effort was made to provide each of these patients with the finest possible hospital care and a real tribute is due, not only the hospital staff, but the hundreds of other people in this area who have contributed so generously of their time, money, and efforts that this might be possible. We shall continue to work unceasingly to maintain the high standards of Ingalls Memorial hospital during 1955 and the years to come."

Resolutions expressing their appreciation for the interest and help of many people and organizations during 1954 were passed. The board of trustees was commended for the faithful discharge of their legal and moral responsibilities, as well as the women's board of the hospital, the chairman of the community guilds, and all the members of the Women's Auxiliary.

Administrator Lester C. Mortrud, together with all the members of the hospital staff, was commended for faithful and conscientious discharge of duties which resulted in exceedingly fine hospital care and special mention was made of the interest and concern of the hospital staff in the welfare of each and every patient.

The medical staff of the hospital was commended for faithful and conscientious discharge of duties, including conducting the medical audit of the hospital, and for its interest and help which contributed so greatly to the high standards of patient care.

The hospital counsel, Henry C. Piel, and Reuben Borsch and Douglas Moir, of Chicago, were commended for their generous donations of professional knowledge and experience as well as legal services. Harry J. Lazarus, Chicago, was commended for his counsel and advice over a period of many years.

The Honorable Arthur E. Turngren, mayor of the City of Harvey, together with all the members of the city council; Herbert Berggren, attorney for the city; Matt Romer, chief of police, together with all members of the police department; and Carl Stanger, fire chief, together with all members of the fire department, were commended for their wholehearted cooperation.

The community newspapers of the area were commended for the generous publicity accorded the activities and services of the hospital and for the editorial understanding of its important function in the life of the community. Special acknowledgment was made to Alex Kerr, editor of the Harvey Tribune; Vernon Meidell, editor of the Chicago Heights Star, Home-wood-Flossmore Star, and Park Forest Star; A. L. Rausher, editor and publisher, of The Point, Dolton; and to Mrs. Margaret M. Semmler, editor and publisher of the Tinley Park Times.

Finally, the group thanked the many individuals, organizations, and business firms who made such generous contributions to the hospital this year, in the amount of \$330,801.22 and con-

cluded by acknowledging appreciation for the humanitarian spirit of charity and service which motivated these contributions to Ingalls Memorial hospital.

Well Fed Pasture Yields 309 Pounds of Beef Per Acre

MINNESOTA soils specialists report that fertilized pastures can produce twice as much beef per acre as unfertilized pastures, according to a statement by the Middle West Soil Improvement Committee.

In tests at the Rosemount, Minnesota experiment farm, the fertilized pastures yielded 309 pounds of beef per acre, compared to 138 pounds on the unfertilized pastures. The fertilized pastures gave 177 steer days per acre. The unfertilized gave only 121.

The fertilized pastures produced \$37.40 more beef per acre than the unfertilized fields. Total beef production was worth \$66.46 on fields built up by soil improvement, as against only \$29.06 per acre on the unfertilized pastures.

The soil building program increased the pastures' cattle carrying capacity by 50 per cent. During the last year, there were 15 steers per acre on the fertilized pastures compared to only 10 on the unfertilized pastures.

The University of Minnesota research men report that only 500 pounds of 5-20-20 fertilizer per acre was used to establish thicker growth on the fertilized pastures.

How to Care for Your Sweater of "Orlon"

Your soft sweater of "Orlon" acrylic fiber is easy to look after if you follow a few simple washing instructions:

1. For best results, turn the sweater inside out.

2. Wash in luke-warm water.

3. Use a mild soap or a good synthetic detergent.

4. Squeeze out excess water—do not wring it out.

5. Hang up to dry on a non-staining hanger. There is no need to block a properly constructed sweater of "Orlon."

MIDDLE? IT'S TOP!

After a visit to the homes of several average American factory employees, during a plant inspection tour in the Midwest, a Frenchman said he was able at last to understand why there were no "classes" in our society. "I found that even the basically unskilled workers could afford to own good homes, good cars, refrigerators, TV sets, and all that," he said. "You Americans are all one class—the middle class!"

Fertilized Home Grown Feed Cuts Costs, Ups Milk Profits

High yielding pastures mean more milk and higher profits per acre.

WISCONSIN agronomists point out that 60 cents out of every dollar spent for producing milk represents the cost of feed. So any step you can take to cut your feed bill means more money in your pocket at the end of the year.

These soils men say the best way to do this is to produce your own high quality, low cost feed in the form of pasture, hay, or grass silage. High quality pasture can provide feed at less than one-fourth the cost for grain or concentrates, according to the Middle West Soil Improvement Committee.

High yielding pasture can mean more milk output per cow

and per acre, lower costs and higher profits.
Ohio State University agronomists report that farmers can protect themselves with low cost insurance against feed shortages by: 1—An investment in fertilizers to build up the soil's fertility level for higher pasture yields; 2—The use of well adapted seed from strains that are winter-hardy and disease resistant; 3—Good grazing and harvesting management which gives maximum returns from every acre.
The fertilizing program can include the use of nitrogen, phosphate and potash fertilizer when seedlings are made, plus regular top-dressings to keep the pasture's legume population high.

Mokena Lightweights Succumb To New Lenox In Fast Game In L-W Gym, 30-17

Mokena's Lightweights stumbled Saturday night in quest of their first grade school championship when they were decisively beaten 30 to 17 by New Lenox. The game which had all the color and excitement attending any championship was played on the Lincoln-Way high school floor. It was the first time grade schools had ever used the new gym.

Only in the first quarter did Mokena show any signs of playing their usual fast high scoring game. They led 8 to 6 at the end of that period and had missed several chances to increase their lead.

The second period saw the tide turn in favor of New Lenox as Mokena spurted and stalled, being able to score only one basket by Schuldt while Ruhle and Thackery each got two for New Lenox. The half ended 14 to 10 in favor of New Lenox.

The third quarter all but routed Mokena's hopes as Ruhle led New Lenox with 8 points and Donaldson 2. Mokena failed to score a single point and generally handled the ball poorly.

The result was a 24 to 10 handicap as they entered the final period. Mokena did rally briefly but it was too little and too late. This was the second time within six days that Mokena had lost out in a championship playoff. On Monday the Heavies lost to Rockdale.

Ruhle of New Lenox was the outstanding player and high scorer with 20 points. Mokena had little to match him and only persistent play by Schuldt who scored 4 baskets kept Mokena fairly close. Hachlein and Sayers each had 3 fouls in the first half which hampered Mokena's pressing style of play. On the basis of Saturday's game, however, New Lenox was definitely the champion.

L-W Grapplers In Thornton Tourney

Six Lincoln-Way grapplers wrestled in the State sectional tournament at Thornton Feb. 17. Bill Noble, could not wrestle because of illness. Five boys didn't even wrestle until 10:45 p.m. although the tournament started at 7 p.m.

John Weber of Lincoln-Way got one of the toughest breaks, a person could get. He wrestled

Crisler of Thornton Twp., who is the defending state champion. John put up a tremendously good fight and was the first person to last 5½ minutes against Crisler this season. Other Lincoln-Way men good poor draws.

Bud Hunt, Greg Brown and John Mann drew second seeded men while Woody Zitter, Hank Bottema and Weber drew top seeded men. Every man looked good, even in losing, and they all fought hard to the end.

Bremen Grapplers Cop 6th Place In Meet At Thornton

Bremen high grapplers copped sixth place in the sectional wrestling meet held at Thornton Township high school Feb. 18-19. Bob Slenik and Lloyd Landry captured first place medals. In a struggle of 112 pounders Slenik decided his opponent 9-1 while Landry defeated his 127 lb. mat foe 6-3.

Runner up honors went to Bill Schram, 165 lbs., who dropped a 7-1 championship bout.

Winning fourth place ribbons were Clyde Blanke, 175 lbs., and Mack Jerkatis, 154 lbs. Both boys were edged out on close decisions Blanke losing 1-0 and Jerkatis 3-1.

Slenik, Landry and Schram will participate in the state finals at Champaign.

Bremen Hi Quintet Chalks Up 14th Win Against 4 Defeats

Bremen high quintet climaxed its regularly scheduled season by trouncing the Dyer Indians 93-75 away Saturday, Feb. 19.

In chalking up their 14th win against only four defeats, the Braves never were headed by the Hoosiers in this non-conference clash.

First period play featured the Bremenites outscoring Dyer 18-12. In the second stanza the Braves opened the throttle of their scoring machine and racked up 26 markers to lead 44-37 at intermission.

After a short tactics session with Coach Bill Brown, the Bremen cagers continued the blazing scoring pace set in the second frame and spurted ahead 69-52 at the close of the third quarter.

In the final stanza the Braves added 24 points to their scoring column while the Indians tallied 21.

Bill Lindsay captured high point honors for the struggle by tallying 33 markers, and runner-up laurels went to Al James with 25 scores. Setting up point making opportunities for his teammates was junior play maker Dick Graham who still managed to drop in 14 tallies.

In a preliminary tilt Coach Emil Lussow's frosh-soph squad defeated the Dyer tyros 61-42.

Bremenites Beat Reavis Rams, 63-44

Bremen high Braves pounded the Reavis Rams into submission 63-44 on the home court Friday, Feb. 18.

Both teams set a blazing scoring pace in the opening stanza with Bremen holding a 21-18 edge.

Scoring eased up in the second frame as the Braves could muster only 10 tallies to sport a 31-24 lead at half time.

In the third period the Bremenites found their shooting eyes and hit for 18 points while holding Reavis' scorine machine to 11 markers.

By dropping in 14 points in the final quarter, the Braves kept far out in front of the Rams.

Bremen's Bill Lindsay and Reavis' Dick Peldzus vied for second place honors in the South-west Suburban Conference individual scoring race. Although Lindsay out tallied Peldzus in the game by two points, Bill was still shy one marker for the season's total.

High man for the contest was

Al James who counted 10 field goals and seven charity tosses for 27 scores.

TV Today and Tomorrow

By Ralf Hardester
Feature Editor TV GUIDE Magazine

"Come to the Mardi Gras" . . . Steve Allen taking his entire Tonight cast to lil' ol' New Orleans in February. Setting whole show, for a week, in Mardi Gras finery ▶ *Lone Ranger* is 22 years old. Both CBS and ABC plan to air special hour-long film, Saturday February 12, based on Western's origin ▶ That Grand Lady, *Ethel Barrymore*, scheduling a GE Theatre film, "Prosper's Old Mother," with Ronald Reagan co-starring ▶ 30 pounds must come off *Liberace*, say the attending medicos.

▶ *Valentine Day Note: Jack Benny* will be not 39, but 62 on this date this year. Don't forget to write ▶ Hollywood personalities balk at doing "live" TV. ▶ *Max Liebman* will not switch to film. So—"spec-facular" Max is hitting snags in signing top-name stars. And this when "money's no object"!

▶ Wednesday, March 30, is date set for *Motion Picture Academy Awards*. NBC will telecast the colorful ceremonies ▶ Flying westward on Cupid's arrow is Eddie Fisher, to make his permanent home Hollywood (Bagdad-by-the-Sea) California. Home is where that Debbie is ▶ NBC upcoming Bill-of-Fare offers musical version of *Huckleberry Finn*, written by Maxwell Anderson and the late Kurt Weill.

▶ *Ways To Make A Living Dept.* . . . Arthur Hughes is the man who, lying flat on his back and out of camera range, flicks the quivering dagger at opening shots of *Danger*. Known, naturally, as the dagger-flicker!

Plant Food Plus Enough Stalks Key To Top Corn Yields

Good management gives extra bushels of corn per acre.

If YOUR sights are set for top yields per acre on the acres you have in corn this year, here are some suggestions from the Middle West Soil Improvement Committee, based on reports from Corn Belt agronomists:

1—Keep your soil's fertility level high by adding plenty of fertilizer. A soil test can be a good guide in suggesting the amount and kind of fertilizer needed to supply the corn plants with all the nitrogen, phosphate and potash they need for high yielding growth. Many farmers find it pays to plow down a complete fertilizer before planting time, then add a starter in the row and side dress later with extra nitrogen.

2—Plant enough stalks to match the soil's nutrient and water supply. Many farmers lose profits by not having a large enough stalk population to make full use of the plant food and water available.

3—Add regularly to the soil's active organic matter supply. This can be done by returning manure, plowing under crop residues and "green manure" crops and growing sod crops regularly in the rotation.

4—Use mechanical conservation methods such as contouring and strip cropping, where needed, to combat erosion and save more rain for your crops.

5—Plant proof, high yielding hybrid strains. All these steps are important in getting top yields, but the cornerstone of the entire program is high soil fertility accompanied by a stalk population big enough to match the soil's corn growing ability.

YOU'RE self-propelled in every crop at FAR LESS COST than 'pull-behinds'

UNI-HARVESTOR UNI-HUSKOR
UNI-PICKER-SHELLER UNI-FORAGOR

with the **MM MODERN MACHINERY** **UNI-FARMOR**

For speedy, high-capacity harvesting of any crop, you can't beat a self-propelled unit. And now, with the revolutionary new Minneapolis-Moline Uni-Farmor, you take the field with a self-propelled machine on every harvest job! And that's not all! The self-propelled Uni-Farmor actually costs you far less than the conventional tractor and "pull-behind" machines you'd need to do the same jobs.

Yes, that's right—far less. In fact, comparison shows that you save as much as \$1500 or more by buying the Uni-Farmor. Savings like that mean bigger profit margins for you, extra net earnings from your land.

Come in and compare the cost. We've got it down in black and white. See why we say "You get far more for your money with the MM Uni-Farmor."

ALPINE

Mrs. E. Mrosek
Orland 41-J-1

Board members of the Maue Parent Teacher's association will hold a regular monthly meeting in the Charles Henning home Wednesday evening, March 2. Plans for the hobby show will be completed.

Mr. and Mrs. Charles Albert, daughter, Mrs. Joan Rush and Iona Lou, recently returned from

Daytona, Fla., where they had vacationed for five wonderful weeks. Iona Lou brought a new pet back with her, an adorable Pekinese puppy.

Mr. and Mrs. John Janulis, Bruzy and Iona Lou were with the Charles Alberts in Daytona for two weeks. While there they also visited in Pensacola.

Mr. and Mrs. Albert Reeves, Mr. and Mrs. Stuart Culp and Mr. and Mrs. Edward Mrosek were guests of Mr. and Mrs. Roy Jones in Riverdale at a party honoring the latter and his birthday, Saturday evening, Feb.

lowing several lively games of Canasta, Mrs. Jones served a delicious lunch. Home made bread and cake, baked by Mrs. Reeves, were a special treat.

Their friends in Alpine will be happy to know that a daughter was born to Mr. and Mrs. Jim Alice of Hinsdale, in the Hinsdale hospital, Saturday morning. The new arrival has been named Helen Angelina in honor of her maternal and paternal grandmothers. She weighed eight pounds and 15 ounces. The two Alice sons, Lowell and Larry are staying with their grandparents, Mr. and Mrs. Stuart Culp.

News has been received that Mrs. Chris Berger, former Alpine resident, died Feb. 7. Interment was Feb. 9 in a small cemetery in back of the Berger home in Monterey, Ind. Mrs. Berger had been bed-fast since suffering a slight stroke in October. The Bergers formerly owned and occupied the Albert Reeves home and had many friends in the district.

Because of the many youth activities scheduled for the last week in February, the date of the square dance, sponsored by the Maue PTA, has been changed to Friday, March 4.

Maue School News

Most of the boys and girls of grades 5 to 8 have completed the collages we were making in art class. The collage was to be created from materials of different textures, colors, sizes and shapes. These could be arranged in a composition or an abstract design.

The table tennis set has been in constant use during recesses and lunch periods, even before and after school. The boys and girls apparently are becoming skillful players and enjoy the game very much.

Norma and Joseph Albert brought to school a large collec-

tion of sea shells that their grandmother, Mrs. Charles Albert, had brought from Florida. We enjoyed the interesting shapes and designs.

The 7th and 8th grade students are planning a mural depicting the development of transportation during the 18th, 19th, and 20th centuries. The class has been divided into three groups with each group planning and painting on one section.

Maue school children have recently viewed three movies, "How Young America Paints," "Land of Geronimo" and "Journey Through Mexico." The last two were used in connection with social studies.

4-H News

The Orland Boys 4-H club met Monday night, Feb. 14 in the Maue school when five new members joined the club. They were Donald Gee, Carl Peterson, Ronald Fandrey, Roy Bettenhausen, and Robert Stoute-nour. After the business meeting recreation was enjoyed by all. Then Darrell and Duane Erickson and Walter Bernard served refreshments.

Robert Stellwagen, club reporter

Help Your Mind

The manner in which an individual reacts to everyday situations largely displays the state of his mental health. In other words, his attitude to a given situation, whether good or bad, reveals the degree of his emotional maturity. The Educational Committee of the Illinois State Medical Society observes in HEALTH TALK.

Worry, frustration and excessive anxiety are factors that may influence a person's thinking. Jealousy, rage and inability to adjust are other factors that may, if uncontrolled, bring on, or manifest underlying psychological disorders. Some persons, through improper training and guidance in their early years, outwardly express a normal attitude to everyday living, but, when confronted with one, or several incidents of an unpleasant nature, "blow up." These people, unfortunately, constitute a large segment of our population.

Many persons who have physical complaints, such as an abdominal pain, often have no physical basis for that pain. This type usually shows from physician to physician, insisting that the pain is organically based, even when x-rays and other evidence point to the contrary. These individuals must be taught to understand how emotions can cause pain, to check their attitudes, and to help manage their own minds.

Essentially any virtue carried to excess becomes a vice. A sense of proportion in one individual can easily develop into excessive pride. Respect for others, poise, self-confidence, self-discipline, generosity, understanding and self-reliance are all positive factors in a well balanced person, yet these same attributes, if not controlled, can develop into unfavorable characteristics of extreme egoism. On the other hand, excessive humility, self-pity, self-indulgence, selfishness, hypercriticism and dependence are factors that express the inferiority complex.

The common types of mental illnesses are schizophrenia, commonly known as dementia praecox; the manic-depressions; paranoia; an affliction of the brain caused by syphilis; paranoia; a condition characterized by suspicious of persecution or delusions of grandeur. Indeed, the classification of psychoses and neuroses is a formidable one.

Many physical conditions could be prevented if emotional up-

sets could be avoided. Facing the facts is important. Many persons develop complexes by "locking up" their disturbing thoughts. These people would be better off to discuss the problem with someone, thus get it out of the system and then forget about it.

Think it over. Don't let the storm of conflicting emotions create a mental illness which, very often, might create physical impairments too, such as indigestion, palpitation, headache, shortness of breath and even ulcers. Much mental suffering can be avoided by understanding your emotions. Don't feel sorry for yourself if things don't go your way. Take it in stride. You'll be happier as will those about you. By understanding yourself, you can help your mind help you.

Consult your physician and if he advises the help of a psychiatrist do so. The help of a good psychiatrist is as essential as that of a good internist or surgeon.

Start Suit For Delinquent Personal Taxes

Suit is being started on the delinquent personal property taxes for 1953. The first batch of suits was filed in the Circuit, Superior and Municipal Courts of Cook County.

The justices of the peace and police magistrate who are collecting delinquent taxes for the state's attorney's office met Feb. 7 in the office of State's Attorney Gutknecht and each received his batch of bills, with instructions to start immediate suit. The bills were given to the respective Justices of the Peace and police magistrate for the townships following their names.

It is important that anyone who has any question with reference to his bill should see the respective justice of the peace or police magistrate prior to the entry of judgment, because once a judgment is secured, transcript filed, and execution issued against the property of the debtor, no relief can be given in court except by way of an expensive appeal.

The total bills represent some one hundred fifty-five thousand (155,000), totaling between fifteen and twenty million dollars; of these, approximately fifty thousand (50,000) concern taxpayers outside the City of Chicago, totaling approximately five million dollars.

Officials to be contacted are: Judge Alone O. Andrews for Worth, Palos and Orland townships; Judge Norbert H. Kluga, for Lemont township; Judge Romie J. Palmer for Bremen, Calumet and Rich townships, and Judge David H. Shapiro, for Bloom township.

Post Office Tells Why More Postal Revenue Is Needed

The post office department is operating on a pre-war price level and a post-war cost level.

Consequently, this vast business-type enterprise within Government is now losing money at the rate of at least a million dollars every working day, according to the U.S. Post office department, Washington, D.C. Since World War II, during a period of unprecedented national prosperity, the post office department has operated at a total loss of more than 4 billion dollars. The interest alone on this portion of the national debt is now costing American taxpayers more than 100 million dollars a year, the post office says.

Despite recent economies and

greater efficiency, the post office department operated at a loss of 399.5 million dollars in fiscal year 1954. This loss does not include pending wage increases and other employee benefits that will cost at least 166 million dollars more per year.

The mailing charges in the United States for a letter, a magazine, or a book have been called "the biggest bargains on earth." Most other countries, including our neighbor Canada, run their mail service on a break-even or profit basis.

New postal revenue is needed now to meet increased costs; to provide facilities to keep pace with growing mail volume; to improve service. Raising postal rates is not a popular issue. But Americans always face up to financial necessities -- when they understand them.

The American people are adult enough to know they only deceive themselves by keeping postal rates artificially low, and taxing themselves to pay the difference.

Traditionally, they prefer a pay-as-you-go basis -- with the user of a service paying his way. The recent Gallup Poll results of January 23, 1955, showing that the majority opinion today favors raising the rate of first-class mail from 3c to 4c, confirms this conclusion as do other surveys made on the same subject.

Somebody has to pay for postal services. Low postage rates are misleading when the difference is paid by the taxpayer. Isn't it fairer to charge those who receive the direct benefit rather than the general taxpayer?

With these views in mind, the post office department has proposed to Congress moderate increases on first, second and third class mail.

4-H And FFA Calf Club Sale Feb. 26

The Illinois Purebred Dairy Cattle association is giving 4-H club members and Future Farmers of America a chance to bet first-rate project stock at a fair price, at the 7th annual 4-H and FFA Club sale. The sale will be held in Urbana Feb. 26. About 100 calves will be sold.

The sale will start promptly at 11 a.m. in the stock pavilion of the College of Agriculture. Only bona fide 4-H and FFA members are eligible to buy calves.

About 20 per cent of all the coal hauled by the Chesapeake and Ohio Railway -- largest coal-carrying road in the nation -- goes to steel mills and another 18 per cent goes to electric utilities.

FRANKFORT

Mrs. Katharine Heisner
Frankfort 4902

Mr. and Mrs. Robert Stephen spent last week with their daughter the Gilbert Wassners in Joliet.

Mr. and Mrs. Wassner will leave the first part of March for their vacation in St. Petersburg, Florida.

Miss Viola Lankenau entertained the Woman's club in her home last Thursday evening. A talk on furs was given by Arthur Himmel of the Himmel Fur Company of Chicago. Miss Lankenau was assisted by Mrs. Paul Lambrecht, Mrs. Ralph Nieland, Mrs. Al Hochberger and Mrs. Clark Bennett.

Dr. and Mrs. W. V. Hedges entertained the following dinner guests Saturday evening at their home: Mr. and Mrs. Lawrence Woodman, Mr. and Mrs. Glenn Folkers, Louis Meile and David Meyers of Joliet, also Pvt. Alan Hedges who spent the weekend at home from Fort Leonard Wood, Mo.

Mr. and Mrs. Fred Schinkowski and Mr. and Mrs. Harry Miller and daughters were Sunday evening dinner guests of Mrs. Katharine Heisner. The birthday of Mrs. Miller was celebrated, which was on Monday.

Mr. and Mrs. Herbert Folkers visited with Mr. and Mrs. Herbert Hildendorf at Wilmington, Sunday evening, helping them celebrate their 35th wedding anniversary.

Mr. and Mrs. Albert Borms entertained at a 5 o'clock dinner Sunday evening, in honor of their 48th wedding anniversary. Guests were Mr. and Mrs. Orly Borms and family of Tinley Park, Mr. and Mrs. Fred Koehler, Mrs. Emma Koehler and Mr. and Mrs. Louis Bettenhausen and family all of Blue Island, also Miss Freda Borms and Mrs. Dorothy Lehnert and sons.

Dr. John Cummins attended the American College of Surgeons meeting at Cleveland, Ohio.

this week. He left Sunday and returned home Thursday.

The Always Faithful class met last Thursday afternoon in the Methodist church parlors. Mrs. Robert Davis presented the devotion and a special reading was given by Mrs. Chester Steinberg. On the lunch and entertainment committee were: Mrs. Siegfried Beckmann, Mrs. Fred Diment, the Misses Clara and Emma Andres, Mrs. Richard Borms, Mrs. William C. Bettenhausen and Mrs. Elmer Morris.

The executive board of the WSCS of the Methodist church met last Friday in the home of Mrs. Alfred Krapf for an all day meeting. A sack lunch was enjoyed by the 15 members present. Part of the day was devoted to a work day sewing carpet rags.

Dinner guests of Mr. and Mrs. Harold Ulrich were Mr. and Mrs. Gilbert Schumil and son Sgt. 1c Wilbur Schumil of Fort Carson, Colorado Springs. He is on furlough and will go over seas when returning to base.

Among those from here who attended the 20th wedding anniversary of Mr. and Mrs. Harold Ulrich at the Peotone village hall Sunday evening were Mr. and Mrs. Earl Bettenhausen, Mr. and Mrs. Harold Ulrich and Kathryn, Mr. and Mrs. Edwin Dralle and Mr. and Mrs. Harold Scheer.

Mrs. Glenn Nagel entertained her pinocle club at her home last Wednesday afternoon. Honorary guests were Mrs. Lloyd Schmidt and Miss Esther Bettenhausen. The next meeting will be with Mrs. Earl Bettenhausen, March 16.

Mrs. Albert Stauffenberg of Manteno visited her sister, Mrs. Anna Scheer Monday.

Mr. and Mrs. Harold Schifler spent a weekend recently with their parents, Mr. and Mrs. Jason Smith at Willow Hill.

Mr. and Mrs. Milton Subbert had as their dinner guests Sunday Mr. and Mrs. Emil Rauch and Selma Morgan both of Chicago, Mr. and Mrs. Arthur Subbert of Mount Prospect, Mr. and Mrs. Clyde Meyer of Peotone and Mrs. Minnie Subbert of Monee.

Mrs. Olav Iversen and daughter Mrs. Bernice Schroeder and Mrs. Lawrence Lawson all of Evanston visited the former's sisters Mrs. Blanche Mitchell and Miss Estelle Populorum Sunday. Miss Populorum is very ill.

Dinner guests Sunday evening of Mr. and Mrs. Orville Schinkowski were Mr. and Mrs. Herbert Bixler and daughters.

Mrs. Fred Schinkowski and Mrs. William Seemann went with a group of other ladies from the Immanuel Lutheran church of Rich. and attended the Don McNeil Breakfast club in Chicago Monday morning.

The Frankfort Honey Bees 4H club will hold their first meeting of the 1955 season Friday evening, March 4 at 7 p.m., at the home of Yvonne Pieper, brink Mrs. Eleanor Johnson. Will county Home Advisor, will be present to conduct the election of officers, plan projects and work for the season. All girls from 10 through 20 are welcome to join. Mrs. Irvin Rudland is the leader.

Dolores Anderson,
phone 3651 New Lenox

Mr. and Mrs. P. J. Cullen of Chicago were guests Sunday of Mr. and Mrs. Pat Cullen and family.

Richard and Linda Vance of Peoria are vacationing with their grandparents, Mr. and Mrs. Paul H. Korsgaard and family for about two weeks.

Frank Barnard has returned to his home in Santa Fe, New Mexico after spending several days with Mr. and Mrs. U. S. Madden and daughter Elizabeth. While here Mr. Barnard attended a Mining Engineering convention in the Conrad Hilton hotel in Chicago. On Saturday the Maddens and their guest visited the Sports show in Chicago.

Mr. and Mrs. William Malloy and children spent Sunday in Chicago with her mother, Mrs. Vera Sullivan.

Mr. and Mrs. Paul Smith have returned from a two weeks vacation spent in California with relatives.

Betty Jane Malloy underwent a tonsilectomy Tuesday morning in Silver Cross hospital.

The Community club will have a potluck supper Friday night, Feb. 25 at 7 o'clock in the Schumil school with the regular meeting following. Mrs. Roy Peterson, Mrs. William Stoner, and Mrs. Clarence Madsen will be hostesses. All attending are asked to bring their own table service. Card games will be enjoyed after the short business meeting.

Mr. and Mrs. D. M. Owen and children had as their dinner guests Sunday, Mr. and Mrs. Gerald Vanderwarren and family from Chicago.

Mr. and Mrs. Harold Wollenhaust and daughter Carlyn Ann spent the past weekend with his parents, Mr. and Mrs. Harold E. Wollenhaust in Flossmoor.

Mr. and Mrs. William Stalter of Trivoli were guests Tuesday of their daughter, Mr. and Mrs. Ralph Wright and family. They came to see their new granddaughter Cassandra Lou, who only recently returned home from Silver Cross hospital with her mother.

Chairman for the Red Cross drive during the month of March for Lincolnwood Hills, are Mrs. U. S. Madden and Mrs. Ralph Oldt.

GREEN GARDEN

Mrs. Katharine Heisner
Frankfort 4902

The Green Garden Snip 'n Snack 4-H Club met in the Green Garden Town Hall Saturday, Feb. 12, 1955, with the president, Patsy Torok, presiding.

The pledges to the American and 4-H flags were given, secretary's and treasurer's reports approved. Roll call was answered to "Your Favorite Television Program." A thank-you letter from the March of Dimes was read and a motion was made to give \$5.00 to the March of Dimes.

"Happy Birthday" was sung to those girls having birthdays in February. The next meeting is to be held on March 12. The following program was given:

Readings, "Thank you February" by a few girls; Poems, Lincoln, Loralynn Sippel; I'm a Little Red Stamp, Carolyn Patz. Talk paintings were as follows: "Mexican Child," Sharon Uthe; "Wild Horses," Carol Torok; "The Village on the Shore of Marne," Bonnie Torok; "The Man in Red," Barbara Scheer; "Persian Painter," Judy Osmus; "Young Woman with Water Jug," Janet Voigt; "The Angel with the Loom," Marianne Wieland; "The White Clown," Jeanette Sangmeister; "After a Summer Shower," Lois Wilke; "Pinkey," Sharon Homering; "The Girl with the Maple Branch," Jean Kurima; "The Fifer," Norma Burmeister; Games were handled by Ruth Rainford, Betty Davis, Lois Wilks and Ruth Stassen.

"Little Cogs to Big Wheels" was read by leader, Mabel Krapf. A Valentine exchange took place. When the girls were in the friendship circle, the Gettysburg Address was read by all, followed by Signature, Reading and singing of "I Believe," Phyllis Rosendahl.

During the meeting the girls continued to work on cancer pads which had been started at the last meeting.

Marlene Schwiesow, reporter

ST. JOHN EV. and REFORMED Church of Green Garden

Worship service 10:30 a. m.

Sunday school 9:30 a. m.

The Women's Guild meeting at the church, March 3 with Mrs. Gilbert Sippel, presiding, worship chairman, Mrs. Herman Sievers, has as the topic, "The Cost of Christian Vocation." Mrs. Reuben Schmidt, Mrs. Edward Schmidt, and Mrs. Amanda Schwiesow are hostesses.

The Young Adult group meets Friday at 8 p. m. Vernon Werner and Christian Asbrand program chairman. Movies will be shown. Hostesses will be Mr. and Mrs. Carl Toepper and Mr. and Mrs. Earl Christiansen.

World Day of Prayer for the various churches in and around Peotone will be in the Peotone Presbyterian church Friday, Feb. 25.

GREEN GARDEN METHODIST CHURCH

Rev. Ralph C. Steele
Tel. Frankfort 3481

Sunday school 9:45 a. m.

Worship service 10:45 a. m.

Thurs. 7:30 p. m., choir practice.

Thurs. 7:30 p. m., confirmation class.

Lenten service March 2 at 8 p. m. followed by MYF monthly meeting. Choir rehearsal will be held the same evening.

The world's greatest power plant, recently announced by Philadelphia Electric Co., will burn about 100 tons of coal an hour at full capacity, or nearly 1,000,000 tons a year.

More than new

Ford's 162-h.p. Y-block V-8 and 182-h.p. Y-block

Special V-8 now offer new Trigger-Torque power!

The Co-power these great engines deliver can come only from engines which are more than merely new—more than ordinary V-8 engines. And that's exactly what these Ford engines are. They are the result of the most advanced V-8 engineering—a result of Ford's experience in building more V-8's than all other makers combined.

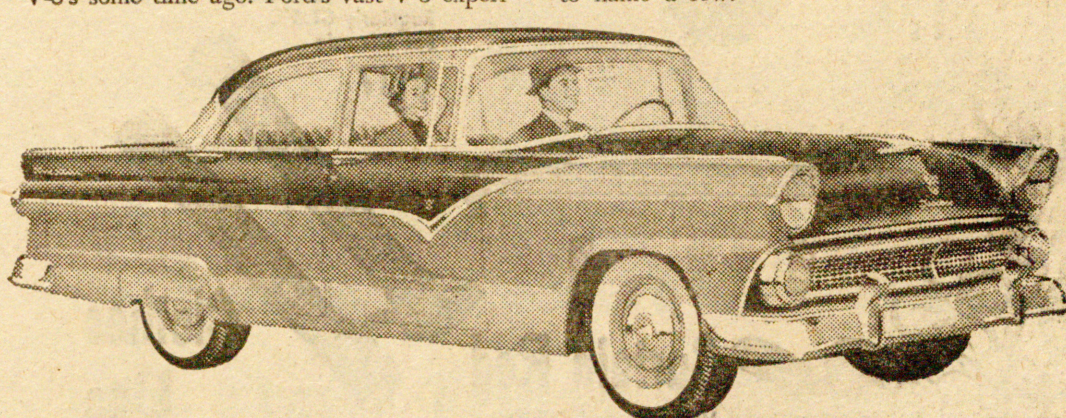

Tried and true

Ford's 1955 engine news resulted from 23 years'

experience building over 14,000,000 V-8 engines

In 1932 Ford introduced the V-8 engine to the low-price field. And it was only just recently that other makers in Ford's field adopted this kind of engine—23 years later. Yet it is interesting to note that the majority of costlier cars had joined Ford in offering V-8's some time ago. Ford's vast V-8 experience has never paid off better than this year... with two great Ford V-8's for '55. Come in. Take your Test Drive today. Ford has much more to offer that's new. You'll find beautiful Thunderbird-inspired styling—comfortable new Angle-Poised Ride, to name a few.

Thrill to
Trigger-Torque Power in the

Many years ago
a phrase
was coined:

"The Road of Planned Progress"

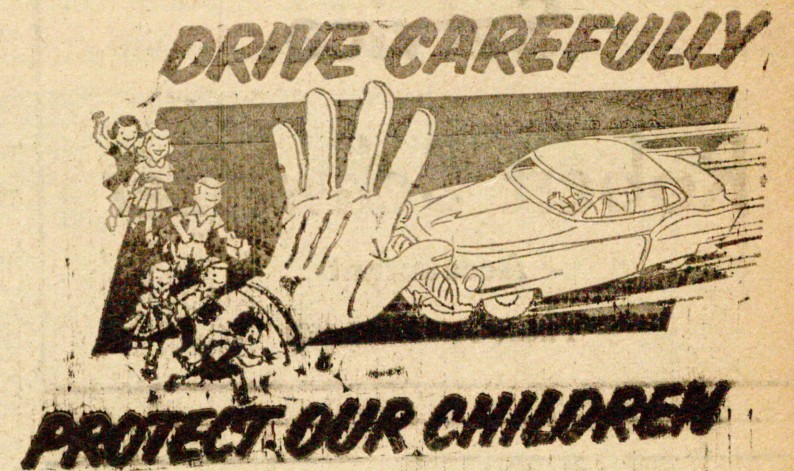

This phrase is usually referred to as the Rock Island Lines' slogan. But it is more than a slogan—it's an inspiration, a business directive, a constant reminder that this is one railroad where planning is habitual and progress the rule.

Planned progress! Just what does it mean to the Rock Island... to

HELLO FRIENDS AND NEIGHBORS!

This Is Our 1955 Safety, Friendly and Business Message To Our Many Thousands Of Friends In This Great Prosperous Thriving Metropolitan Area Which We So Proudly and Honorably Serve...

This Message Is Dedicated To Safety, Truth, Peace, Justice and Continued and Everlasting Prosperity..

At this time, we feel it appropriate and befitting to express our gratitude and thanks for the past year's relationship -- both business and socially -- to the fine people of this great and progressive area.

Now, for the sake of mercy and common decency, and on behalf of the National Safety Council and the grand people of this great section, please drive... work... and play safely... protect our children... and everyone else. And, remember, it is always better to be careful than to always be sorry.

In the face of our many world problems and unrest,

everything, today, points to a record-breaking money and business period... not to be retarded soon... so say all of our nation's great prognosticators of big business and world affairs.

Through a very careful survey and comparisons on our part for many years, we know there is no better merchandise, variety of stock, or service, anywhere, at any price, second to none, than can be had in Blue Island, Harvey and vicinity at a price range that has always been conducive and pleasing to all concerned at all times.

Remember, Blue Island, Harvey, Oaklawn, Tinley Park, Orland Park, Worth, Markham, Midlothian, Oak Forest and all of this great area we serve have much in common. We are neighbors! Let's be good neighbors and treat each other like good neighbors.

Whenever your desires and needs cannot be met in your respective communities, continue to visit Blue Island, Harvey, Oaklawn, and vicinity on your shopping and service tours. You cannot do better and you are always welcome, as well as saving money and being a real community booster.

All we good Americans, today, more than ever, must have faith! We've got to pull together. Don't sell America short at any price at any time. We must and we will shatter the iron curtain and every evil thing behind it eventually. Peace and Justice will be ours with God's help.

Sponsored by the following progressive and public spirited business and civic leaders who pledge themselves to unity, continued and everlasting progress, safety, peace and the American way of life.

FAIRBANKS-MORSE

DEEP WELL SUBMERSIBLE PUMP

ECONOMY

Only ONE pipe of SMALLER diameter used inside well casing — does work of two.

Uses smaller motor — saves power.

No jets, rods, shafts to add to cost.

Pushes water up pipe — lowers power demand.

Quality construction — made of corrosion-resistant bronze and stainless steel. Impeller and motor shafts of lifetime stainless steel.

Easily, inexpensively removed if repairs are ever needed. If water level falls, no need to pull pump. Just add more lengths of pipe.

PERFORMANCE

Delivers up to 720 g.p.h. at a 300-foot setting — more at shallower settings.

Operated entirely submerged — both pump and motor.

Pump never needs priming.

No motor or pump noises, or vibration.

Water cooled — water lubricated.

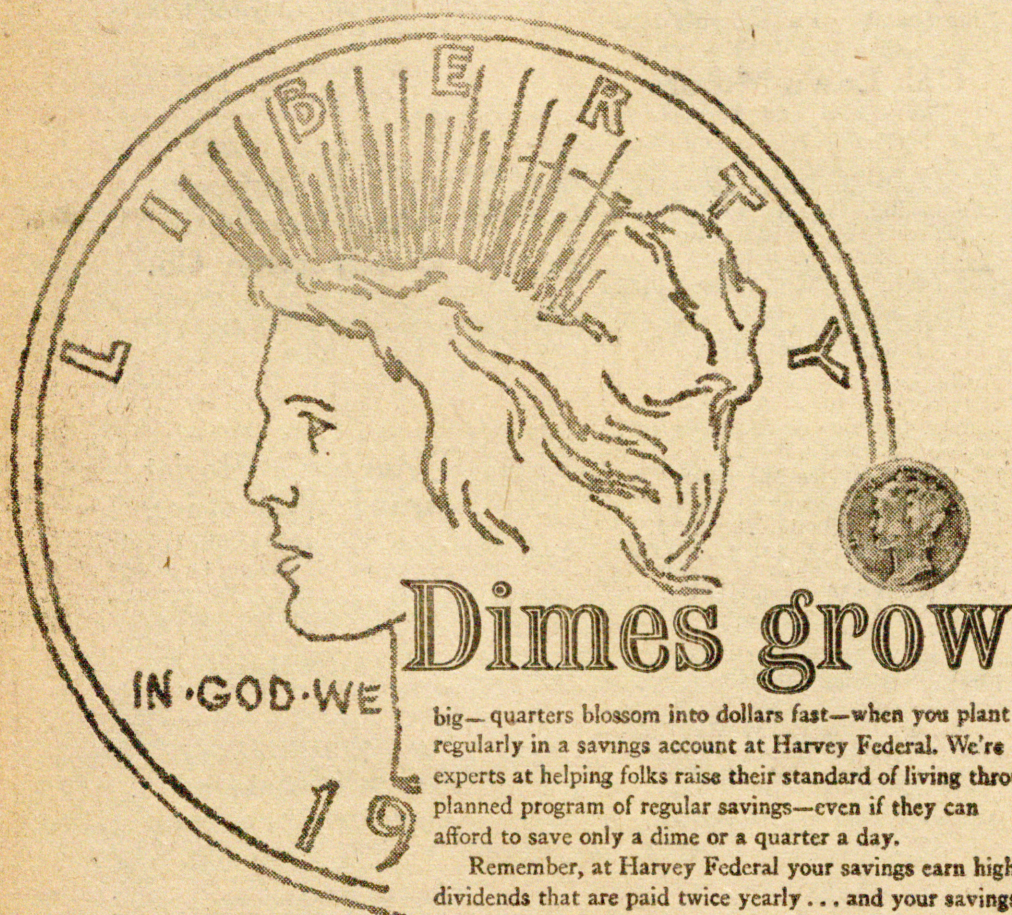

Pressure tank may be set over or away from well.

Service lines may be cut in below frost line.

Mrs. J. F. Strode of Cuba, Ill., is spending several weeks with her daughter, Mr. and Mrs. Lyle Beadles and family on Cooper street.

Oscar Heisner, son of Mr. and Mrs. Alfred Heisner, enlisted in the Air Force and left Feb. 1 for San Antonio, Texas where he is stationed.

The Womans Guild of Grace Episcopal church met in the home of Mrs. Laura Morris last Thursday evening for their regular monthly meeting. It was decided that the duties of the Auxiliary would hereafter be assumed by the officers of the Guild. Appointed to the nominating committee were Mrs. Emma Rought, Mrs. Grace Morgan and Mrs. Judy Carr. Installation of officers will take place at the March meeting. It was decided to purchase vanilla for resale by the members. The next meeting will be Thursday, March 10 at 8 p.m. in the home of Mrs. Walter Gobush, with Mrs. Ed Morris assisting.

Girl Scout News

Brownie troop 7 met Wednesday in the Haven school with Mrs. William Knowles, and Mrs. William Becker and 15 members present. Lynn Schroeder led the pledge, and Shirley Zarse the promise. Charlotte Chandler was hostess and served candy bars and gum. Carolyn Clark will be next week's hostess. New troop officers elected are: president, Catherine Hewitt; secretary, Sheryl Alexander; treasurer, Marjorie Knowles; door tender, Ruth Ann Johnson; and clean-up, Dottie Gardner and Lynda Smith.

Brownie troop 99 met Friday in the Haven school with Mrs. Roy Dowle and Mrs. Eugene Peters. Donna Mangun led the pledge, and Carol Hammond the promise. Barbara Yunker served refreshments, and Susan Petko will be hostess next week.

For craft work, the girls made flowers of Kleenex. New officers of the troop are: president, Susan Webb; secretary, Donna Mangun and treasurer, Terry Tauber. Brownie troop 104 met Wednesday in Haven school with Mrs. Algot Peterson and Mrs. Paul Beedle and 16 members present. Darlene Minuth led the pledge, and Clara Chapman, the promise. Donna Osmus was hostess and served cup cakes. Sue Lewis will be hostess next week. The following eight girls are learning Swedish weaving in the home of their consultant Mrs. Walter Mann: Janet Summers, Judy Werner, Sue Lewis, Donna Osmus, Linda Stephens, Barbara Vrbas, Carol Yunker and Charlotte Woodruff.

Troop 97 intermediates met Monday in the Haven school with

Mrs. John Olson and Mrs. Harry Huss and 10 members present. Pam Pius led the pledge and the promise. Barbara Beadles was hostess and served cup cakes. Gayle Huss and Lynetta Gillette will be hostesses next week. For craft work the girls made valentines. They plan to help prepare Easter seals for mailing at a future meeting. New officers are: president, Barbara Botkin; secretary, Holly Peterson and treasurer, Mary Ellen Olson and reporter Virginia Troutman.

Troop 90 Intermediates, met Friday in the Lions Den, with leaders Mrs. O. V. Rowe, Mrs. Frank Camerino and Mrs. William Miller and 17 scouts present. For craft work, the girls started weaving baskets. It was announced that the girls working on their hospitality badge met with Mrs. Italo Albanese Saturday in the Lions Den. The theme for the day was Growing Up. There was a lively discussion on the proper age for using make-up. Good manners while growing up and for all ages were listed and this subject ended with each girl telling a pet peeve in mannerisms. Two girls serve as hostess at each meeting, and plan refreshments as part of the requirements to earn their badge. Eleanor Pester is the hospitality chairman and Prudy Rowe is recording secretary. Sue Higgenbotham, treasurer.

Mrs. Ruth Peterson will be hostess to her pinocchio club in her home Monday night, Feb. 28. Neil Stellwagon who suffered a badly broken leg near the hip a few weeks ago during recess at Haven school, returned home Sunday morning from Silver Cross hospital, in an almost body cast. He will be confined to his bed for several weeks, flat on his back.

The New Lenox Womans club met Feb. 15 in the home of Mrs. Maude Ayres, who was assisted in serving dessert-coffee at 1:30 by Mr. Betty Duerr. Mrs. Alice Devore who had charge of the program for the afternoon, gave an interesting talk on her recent trip to Texas where she spent a month visiting with relatives.

Robert Brown, Mrs. Walter Hamilton, Mrs. June Duffy and Mrs. Leonard Warning, attended both the afternoon and evening sessions of the Church Music seminar Sunday in the new Methodist church in St. Charles. Dr. Lara Hoggard, nationally known music conductor, conducted a workshop for choir members and conductors in the evening.

Mrs. Evelyn Fenton entertained her pinocchio club in her home Wednesday afternoon.

Mrs. Marie Penn is attending the Mardi Gras festival at New Orleans, La. this week.

The Homemakers group of the local PTA met Feb. 17 in the home of Mrs. Neatus Wilson. Dessert-coffee was served at one o'clock by the hostess assisted by Mrs. John Rob. There was an exchange of apron patterns. The next meeting will be held at the home of Mrs. Frank Reindig when the lesson will be on Crocheting Patterns.

Approximately 175 people attended the successful Fish Fry sponsored by the Holy Name society of St. Jude, in the parish hall Friday night, Feb. 18.

Tommy Morrison was a medical patient for two days in Silver Cross hospital last week. Ernest Rydberg who underwent surgery Feb. 19 in Silver Cross hospital is reported doing nicely. He is expected to return home the latter part of the week.

The VFW Post 9545 will meet Thursday night March 3 in the fire station for their regular meeting. Nomination of officers will be held.

The New Lenox Garden club will hold their annual meeting Thursday afternoon, March 3 in the home of Mrs. Leon Frey. Mrs. Worth Merritt and Mrs. James Hope will be co-hostesses. All yearly reports will be given by the officers and the nominating committee.

The New Lenox Village Board will meet Wednesday night March 2 for their regular monthly meeting in the local Fire station.

ORLAND PARK

Mrs. Sherman Knox
Orland Park 211W

Robert Horn underwent surgery Feb. 17 at Little Company of Mary hospital. He came home Friday and is convalescing nicely.

Edward Yunker underwent surgery last week in Silver Cross hospital. He is improving nicely.

Mrs. Robert Nemeth of 159th street, chairman of the Orland Home Bureau unit, attended an all day program planning meeting of the Cook County organization last Friday in the Lincoln room of the Chicago Federal Savings and Loan association. Benjamin Keach, president of Chicago Federal, was host to the entire group at luncheon at Old Heidelberg restaurant.

John McIntosh, son of Mr. and Mrs. John McIntosh of Palos, celebrated his first birthday, Valentine's day with a party for friends and relatives.

Mr. and Mrs. John McIntosh and Mrs. Gustie Hallinan attended the wedding of Pat Hallinan of Blue Island and Miss Marjory Kennedy of Culver, Ind. February 19. The wedding ceremony was held in St. Benedict's church and reception in the American Legion hall in Blue Island.

The Orland Hills Civic Organization held election of officers at their February meeting. The new officers are: Oscar Enk, chairman; Lawrence Doyle, vice chairman; Mrs. Frances Enk, sec. The Brownie Scout troop 420 of Orland Hills had a "World Friendship" play in connection with Girl Scout "Thinking Day." Tuesday afternoon, February 22, at the home of Mrs. John Taylor, 13801 92nd ave. The mothers were invited as guests. The Brownies served cookies which they had made. Mrs. Billy Clark and Mrs. Harry Buson of Orland Hills are the leaders.

William John, infant son of Mr. and Mrs. Eldon Nicolai was christened Sunday afternoon in St. Michael's church with Rev. Frank Covle officiating. Robert Miller and Mrs. Michael Chiappetti were sponsors. The dress the baby wore was made by great grandma Mrs. Alice Clawson, especially for his dad Eldon when he was christened. His sister, Alice Doogan, also wore the dress and later handed it down to Eldon for his daughter, Donna and now for son, William John.

The Nicolai's entertained at a dinner for the sponsors and their families following the ceremony. Phil Ebeling is a patient in Silver Cross hospital, nursing boils.

The beautiful Bel Air Sport Coupe with Body by Fisher

It's highway robbery!

For sheer fun out on the road, Chevrolet's stealing the thunder from the high-priced cars!

Up to this year, maybe there were reasons for wanting one of the higher-priced cars. If you demanded something really special in the way of driving fun, you simply had to pay a premium to get it.

Not any more! The Motoramic Chevrolet has changed all that. Who could wish for more excitement than the

new 162-h.p. "Turbo-Fire V8" delivers? (For those who do, 180-h.p. is optional at extra cost in all V8 models.) Chevrolet also offers the two highest powered sixes in its field.

Come in and see how the Motoramic Chevrolet is stealing the thunder from the high-priced cars!
